

**"I Fly For Charity"** is an initiative of the Alfa-line crewchiefs and the pilots of the 10th Tactical Wing in Kleine Brogel, Belgium. The pilot-puppets from **"I Fly For Charity"** fly with different pilots and different kinds of aircraft around the globe before being sold to the highest bidder on the internet together with their official logbooks and pictures of their adventures. The three courageous IFFC-pilots are "Tijgetje" for 31 Sqn, "Miss Tweety" for the OCU Sqn and "Mace" (Homer) for 349 Sqn. All proceeds of this initiative go entirely to the "[Children's Cancer Foundation, npf](#)" in Belgium. (Kinderkankerfonds vzw) It is of course always possible to contribute to this project even before the IFFC-pilots are sold.
