

The helicopter rescue divers/swimmers serving with Hellenic Air Force 384 Search & Rescue Squadron (SAR) and Super Puma helicopters are happy to wear their new **ANCHAR** watches created by

[VOSTOK Europe](http://www.vostok-europe.com)

. These beautiful watches are really collectable since numbered from 1 up to 100 and come inside a black resistant suitcase. Click on the image to read more on the watch itself and information on how to get it one into your collection...
