

As you probably already know Hellenic AF 336 Squadron "Olympos" participates in [The Royal International Air Tattoo 2014 \(Fairford UK\)](#)

. It is gonna be the last participation of the type in international aviation events since A-7s will be disbanded September 2014. Airforce.gr supporting 336 Squadron offered for free the design of a patch especially manufactured for the occasion.

Inspiration for the patch was the famous "Keep Calm and Carry On" motivational poster produced by the British government in 1939 and the purpose is to honor the host country. Design is a bit changed for Squadron's needs. The pirate is for sure kept calm but he is carrying his RUM this time. We hope you like it!
