

[Kalaitzaki's](#) company was established in 1970, having as primary concern the design and the creation of commemoratives, trademarks, emblems, medals and business gifts. The 35 years of experience, the know-how, the supervision of the production, the yearning for handmade work in combination with the modern mechanical equipment, ensure the first class quality of their products, their reasonable prices and the reliability concerning their delivery. It will be their great pleasure to create with you, your own personal present, contributing in that way to the satisfaction of your specific professional and functional needs.

Feel free to navigate through some of their fine products and order a present from their user friendly [e-shop](#) :
